

OUR POLICY
We aim to serve the planting public in a limited area. To provide hardy and good nursery stock. The largest percent of our stock is grown in our nursery, therefore assured for this climate, where hardiness is very important.

GUARANTEE

Our nursery is inspected by the State Entomologist and certified free from disease and insects. Any stock proven not true to name will be replaced free of charge. We will not be liable for any sum greater than the original purchase price. We guarantee all nursery stock to be in good "live" condition when purchased and delivered.

REPLACEMENT GUARANTEE

We will replace at one half the original retail price any nursery stock that dies prior to October 1st. Provided that the original invoice and planting charges are paid in full, that report of failure of said stock and requisition for replacement, together with payment in full at the rate of one-half the original retail price, are made before October 1st following planting. However, this guarantee shall be of no effect for evergreens that have been killed or injured by dogs or insects and or in exchange of real estate no replacement will be made to new owner.

PRICE and TERMS

Prices quoted in this catalogue are for the plants dug and delivered in Fort Collins and vicinity. This catalogue cancels all previous prices. Prices are subject to change without notice.
